

Date	Time	Presentation	Presenter
<b>Friday May 3</b>	7:00 AM-9:00 AM	Long-term Safety and Efficacy of Polydimethylsiloxane (Macroplastique®) in Patients with Stress Urinary Incontinence: Analysis of Patients Who Completed 3-Years of Treatment	Gamal Ghoniem, M.D.
	7:20 AM-7:30 AM	PD04-03 - The Endoscope: A Disruptive Global Opportunity?	Sherry Lu
	7:30 AM-7:40 AM	PD04-04 – Ureteroscopic Doppler Ultrasonography: Mapping Renal Blood Flow from the Inside-Out	Roshan Patel, M.D.
	8:10 AM-8:20 AM	PD04-08 – Assessing the Threshold for Injury When Passing a Ureteral Access Sheath: How Much Force is Too Much?	Shlomi Tapiero, M.D.
	8:30 AM-8:40 AM	Hypogonadism in the Cancer Survivor	Faysal A. Yafi, M.D.
	9:30 AM-11:30 AM	MP09-19 - Low Free Testosterone Is an Independent Risk Factor for High Grade Prostate Cancer	Maxwell Towe
	9:30 AM-11:30 AM	MP11: Bladder & Urethra: Anatomy, Physiology & Pharmacology I	Gamal Ghoniem, M.D.
	9:40 AM-9:50 AM	PD08-02 - Immersive Virtual-Reality for Percutaneous Nephrolithotomy: Impact on Patient Education, Surgical Planning and Treatment Outcome	Frank Jefferson
	9:50 AM-10:00 AM	PD08-03 – Characterization of Intracalyceal pressure during Ureteroscopy	Roshan Patel, M.D.
	1:30 PM-2:00 PM	Challenging Case Debate: 55-year-old Female with Moderate Cystocele & Persistent LUTS after Mid-Urethral Sling Placement	Gamal Ghoniem, M.D.
	2:00 PM-2:30 PM	Complications of Laparoscopy/Robotic Surgery	Thomas E. Ahlering, M.D.
	3:30 PM-5:30 PM	MP17-17 - Prospective Randomized Comparison of Standard Hand Pump Irrigation and an Automated Irrigation System (Thermedx® FluidSmart™) for Operative Efficiency during Percutaneous Nephrolithotomy: Initial Experience	Frank Jefferson

Date	Time	Presentation	Presenter
<b>Saturday May 4</b>	7:00 AM-9:00 AM	MP27-06 - Immediate preoperative blood glucose and Hemoglobin A1c levels are not predictive of post-operative infections in diabetic men undergoing penile prosthesis placement	Mohamad Osman
	7:40 AM-7:50 AM	PD23-05 - Initial Experience with a Novel Diuresis Enhanced Non-Contrast Computed Tomography (DRINK) Imaging Protocol for Enhanced Visualization of the Renal Collecting System	John Sung
	9:30 AM-11:30 AM	MP31-15 - Renal Mass Biopsy vs. Biopsy of Masses in Other Organs: Why Is It Different Only for the Kidney?	Frank Jefferson
	9:30 AM-11:30 AM	PD27: Surgical Technology & Simulation: Training & Skills Assessment I	Jaime Landman, M.D. (moderator)
	9:30 AM-11:30 AM	V04 -02 - Autologous fascial Mini-Jupette sling for the management of post-prostatectomy climacturia	Catherine Nguyen, M.D.
	1:00 PM-3:00 PM	MP35-08 - immersive Virtual Reality (iVR) Renal Models as an Educational and Preoperative Planning Tool for Laparoscopic Donor Nephrectomy: Initial Experience	Frank Jefferson
	1:30 PM-2:00 PM	Survivor Debate: PCNL Access	Jaime Landman, M.D.
	3:30 PM-5:30 PM	MP40-21 - Higher Free Testosterone Predicts Faster Potency Recovery after Robot-assisted Radical Prostatectomy	Farouk el-Khatib, M.D.
	3:30 PM-5:30 PM	MP40-07 - The Predictive Effect of Free Testosterone on Sexual Function Increases With Age	Maxwell Towe
	3:30 PM-5:30 PM	MP40-10 - Internal and External Validation of a 90-Day Percentage Erection Fullness Score Model Predicting Potency Recovery Following Robot-Assisted Radical Prostatectomy	Linda M. Huynh

Date	Time	Presentation	Presenter
<b>Sunday May 5</b>	7:50 AM-8:00 AM	Engineering & Urology Section: Welcome	Jaime Landman, M.D. Zhamshid Okhunov, M.D.
	9:15 AM-9:30 AM	Immersive Virtual Reality: A Disruptive Technology	Ralph Clayman, M.D.
	9:30 AM-11:30 AM	MP54-16 - Higher Free Testosterone Protects Against Early Recurrence in Men Undergoing Radical Prostatectomy	Linda M. Huynh
	9:30 AM-11:30 AM	PD44-09 - Adherence to the AUA penile prosthesis antibiotic prophylaxis guidelines in diabetic patients is associated with significantly higher risks of device infection	Maxwell Towe
	9:40 AM-9:50 AM	V08-02 - Office-Based, Ultrasound-Guided Renal Mass Biopsy: Technique and Results	Frank Jefferson
	10:40 AM-12:00 PM	CEO/Chair Roundtable: Overcoming Challenges in Translation	Ralph Clayman, M.D.
	1:00 PM-2:00 PM	EUS: Evaluation Of The Effect Of Immersive Virtual Reality On Resident, Surgeon And Patient Anatomic	Frank Jefferson
	1:00 PM-2:00 PM	EUS: In Vivo Porcine Evaluation Of A Novel Self-contained Bladder Irrigation System	Pengbo Jiang, M.D.
	1:15 PM-1:25 PM	Establishing an Office Based Renal Mass Biopsy	Jaime Landman, M.D.
	2:30 PM-3:30 PM	EUS: In Vitro Evaluation Of Stone Fragment Evacuation: Ureteroscopy Sucks	Garen Abedi, M.D.
2:15 PM-2:25 PM	Case Selection (Stone Morphometry) Selection of Access Site	Jaime Landman, M.D.	

Date	Time	Presentation	Presenter
<b>Sunday May 5</b>	2:55 PM-5:00 PM	Hands-On Courses: Surgical Skills Lab Practical PCNL: From Access to Exit	Jaime Landman, M.D.
	3:00 PM-3:30 PM	Research Forum II: Early Career Investigators Showcase	Roshan Patel, M.D.
	3:30 PM-5:30 PM	MP65-08 - Intralesional injection of collagenase Clostridium Histolyticum for the management of Peyronie's disease with indentation or hourglass deformity	Mahdi Osman
	3:30 PM-5:30 PM	MP66-13 - Evaluation of Radiotherapy, Timing, and Oncologic Outcomes for Post Radical Prostatectomy Patients	Huang Wei Su
	3:30 PM-5:30 PM	MP67-09 Risk Factors for Failure after Staged Urethral Reconstruction: Results from Long-Term Follow-up	James Furr, M.D.
	3:30 PM-5:30 PM	MP67-11 – Risk Factors for De Novo Sexual Dysfunction in Transecting Bulbar Urethroplasty	James Furr, M.D.
	3:30 PM-5:30 PM	MP67-19 – Urethral stricture after high-intensity focused ultrasound	Martin Hofmann, M.D.
	3:30 PM-5:30 PM	MP65-17 - Treatment Related Outcomes for Patients with Atypical Peyronie's Disease	Farouk M. El-Khatib, M.D.
	4:00 PM-6:00 PM	068IC - Male Reconstructive Urology for the General Urologist: Decision Making	Joel Gelman, M.D.

Date	Time	Presentation	Presenter
<b>Monday May 6</b>	9:05 AM- 9:35 AM	Panel Discussion: Scrotal Lymphedema: Biggest Isn't Better	Joel Gelman, M.D.
	9:30 AM- 11:30 AM	MP79-06 - Comparison of Nephrostomy Techniques in the Porcine Kidney: Retrograde Laser Endoscopic X-ray-Guided Intrarenal Tract (LEXIT) Versus Retrograde Lawson Rocket Wire Access Versus Standard Nephrostomy Needle Antegrade Access	Vinay Cooper
	9:30 AM- 11:30 AM	MP76: Transplantation & Vascular Surgery: Renal Transplantation & Vascular Surgery III	Mark Jordan, M.D.
	10:00 AM- 12:00 PM	0781c-0781C: Catastrophes, Complications, and Corrections of Percutaneous Stone Procedures	Ralph V. Clayman, M.D.
	1:50 PM- 2:00 PM	Take Home Messages: Sexual Dysfunction	Faysal A. Yafi, M.D.
