UCI Health Department of Urology

MEN'S HEALTH DAY GOLF TOURNAMENT AND DINNER RECEPTION

Monday, October 26, 2020

Newport Beach Country Club

The 5th annual Dr. Wadie Najm UCI Men's Health Day 2020 will include a golf tournament at the Newport Beach Country Club. Please join us for this event hosted by UCI Urology Chairman, Dr. Jaime Landman along with other esteemed UCI faculty, for a lively afternoon of golf followed by an educational dinner on the Oasis Lawn. Proceeds to benefit the UCI Comprehensive Men's Health Initiative, so even if you are not a golfer, please join us for dinner in support of this transformational effort.

The UCI Men's Health Hub, which will be a signature component of the initiative, will be a place of comfort that offers a one stop shop for comprehensive personalized and preventative care for prostate and other men's health related conditions. Our goal is to impact millions of individuals across Orange County and beyond, with opportunities to improve and maintain their quality of life to live "longer and stronger."

Together, we can make a difference redefining men's health care by:

- Promoting early detection and accurate diagnosis
- Inspiring good dietary decision making
- Educating patients on personalized options and outcomes
- Creating a supportive coping environment
- Providing easy access to other medical experts
